FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at *www.archives.gov*.

INTRODUCTION

On the 111 rolls of this microfilm publication, M1905, are reproduced the records of the staff officers of the Assistant Commissioner and the subordinate field offices of the Louisiana headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1863–1872. These records consist of bound volumes and unbound records containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN LOUISIANA

ORGANIZATION

On June 13, 1865, Commissioner Oliver Otis Howard appointed Chaplain Thomas W. Conway as the Assistant Commissioner for Louisiana. At the time of his appointment, Conway headed the military's Louisiana Bureau of Free Labor, which

managed the affairs of freedmen employed on "abandoned" plantations. Conway transferred the Bureau of Free Labor to the newly established Freedmen's Bureau Louisiana headquarters at New Orleans. The parishes of Madison, Carroll, Concordia, and Tenasas in northeastern Louisiana were reassigned in January 1866 from the jurisdiction of the Assistant Commissioner for Mississippi to that of the Assistant Commissioner for Louisiana. The other Assistant Commissioners or Acting Assistant Commissioners in Louisiana and their terms of office were Gen. James S. Fullerton, October 4–18, 1865; Gen. Absalom Baird, October 19, 1865–September 1866; Gen. Philip H. Sheridan, October 5–November 27, 1866; Gen. Joseph A. Mower, November 28, 1866–December 4, 1867; Lt. Col. William H. Wood, December 5, 1867–January 2, 1868; Gen. R. C. Buchanan, January 3–August 24, 1868; and Gen. Edward Hatch, August 25, 1868–January 1, 1869.

When Conway took over as Assistant Commissioner, the state was divided into districts that were composed of one to three parishes and commanded by either an agent or superintendent. In April 1867, the state was reorganized into seven subdistricts headed by subassistant commissioners. Subassistant commissioners were required to file monthly inspection reports of their respective jurisdictions with the Assistant Commissioner. Agents or assistant subassistant commissioners, who were responsible for one to two parishes, received their instructions from and reported to subassistant commissioners. The major subordinate field offices for the Bureau in Louisiana included those with headquarters at Baton Rouge, Franklin, Monroe, Natchitoches, New Orleans, Shreveport, and Vidalia. For a list of known Louisiana subordinate field office personnel and their dates of service, see the appendix.

ACTIVITIES

The major activities of the Freedmen's Bureau field office in Louisiana generally resembled those conducted in other states. The Bureau provided various forms of relief to both freedmen and white refugees, supervised labor contracts, assisted freedmen in the establishment of schools, administered justice, helped freedmen locate land, and assisted blacks with military claims for back pay, bounty payments, and pensions.

Between June and September 1865, the Bureau in Louisiana issued some 455,290 rations to destitute freedmen and 157,691 to white refugees. With no appropriated funds from Congress, the Bureau relied on several sources to carry out these activities: income from confiscated property, requisitioned supplies from the army, aid from benevolent societies, and a three-dollar tax on black adult laborers. Despite the Bureau's efforts, however, tens of thousands of freedmen and refugees remained in dire straits throughout the state. The lack of available funds, continuous flooding, crop failures, and disease severely hampered the Bureau's relief programs. On March 30, 1867, Congress appropriated monies for a "special relief fund" (15 Stat. 28). The fund authorized the Secretary of War, through the Freedmen's Bureau, to issue provisions and rations to destitute persons in Southern states, including Louisiana.

In response to the act, Commissioner Howard issued a circular on April 3, 1867 (Circular Number 11), that set aside $500,000 for the purpose.[1]

The agency maintained homes for refugees and orphans. Hundreds of refugees were housed in two hotels in New Orleans (the Commercial and the Western Verandah) and later the Marine Hospital. While most of the residents were from Louisiana, some were from Texas, Florida, Kentucky, Mississippi, Alabama, and Tennessee. Beginning in 1865, the Bureau provided assistance to several privately run orphan asylums in New Orleans and other areas of the state until its work for orphans was discontinued in September 1865. The Bureau also provided medical aid to freedmen and white refugees. In 1866, to help combat such diseases as cholera, yellow fever, and smallpox, seven doctors, on average, served under the Bureau in Louisiana: five at the New Orleans hospital and one at both the Shreveport hospital and the Rost Home Colony. The Bureau also maintained numerous dispensaries throughout the state. In spite of the closure of the Rost Home Colony hospital and most of the Bureau's dispensaries by the end of 1867, the agency in 1868 treated more than 8,500 freedmen for various infectious diseases. At the Rost Home Colony—one of the most successful of the four "home colonies" established in Louisiana—Bureau officials also issued rations and clothing, established a school, provided employment, and compiled a variety of personal data about individuals who arrived and departed from the Colony. Both the New Orleans and the Shreveport hospitals maintained registers of patients and the sick and wounded.[2]

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on December 4, 1865 (Circular Number 29), Bureau officials in Louisiana outlined the rules governing the free labor system in the state. Freedmen could choose their employers, and all contracts were to be approved by a Bureau agent. Wages were not set, but the circular declared that it was the freedmen's "duty" to "obtain the best terms they can for their labor." Freedmen were required to work 26 days per month, consisting of 10-hour days in the summer and 9-hour days in the winter. Any work time exceeding 6 hours beyond the normal workday would constitute an additional day's work. In addition to wages, freedmen were also entitled to receive rations, clothing, "comfortable" living quarters, and medical attention, and each family was to receive a half-acre plot to maintain a garden. Five percent of the freedman's monthly wages was to be retained by the employer for the purpose of sustaining schools for the freedman's children. In cases where freedmen desired to work for a share of the crop, employers were required to have sufficient amounts of provisions available for

freedmen and their families each month. Also, employers who entered into share agreements were obligated to pay Bureau agents 1/20 of the amount of the freedmen's share of the crop each month for the benefit of freedmen schools.[3]

In the two years following the April 1862 occupation of New Orleans by Union troops, various civilian and military organizations established schools to educate freedmen in Louisiana. Gen. Nathaniel Banks's order of March 22, 1864 (Department of the Gulf General Order 38), established a board of education to govern the organization of freedmen's schools. B. Rush Plumly was appointed head of the board, and Lt. Edwin M. Wheelock became supervisor. Schools under the board's jurisdiction were supported mainly by a tax on citizens recently disloyal to the Union. On June 29, 1865, Assistant Commissioner Conway took charge of the schools, and on July 5, 1865, replaced Plumly and Wheelock with Capt. H. R. Pease as superintendent of education. Pease's successors included Bvt. Maj. A. G. Studer, Lt. F. R. Chase, J. M. Lee, L. O. Parker, H. H. Pierce, and E. W. Mason.

Pease divided the state into seven school districts, placing military and civilian personnel in charge. Under these officers were school directors responsible for each parish and "canvassers" who collected the school tax for each district. At the time of his arrival, there were some 126 freedmen schools, with 230 teachers and approximately 19,000 students. However, with limited funds and intense opposition to the school tax, Circular Number 34, dated December 27, 1865, directed that all schools be "suspended until such time as it may be found practicable to re-establish them on a permanent and self-supporting basis."[4]

In February 1866, then-Assistant Commissioner Baird sought to make schools self-supporting through a tuition plan. Despite Baird's new plan and congressional appropriations of 1866 and 1867 for freedmen education in the South, the Freedmen's Bureau's educational programs in Louisiana continued to face financial difficulties. In June 1868, Congress authorized the Bureau to sell school buildings to private groups that were willing to maintain freedmen schools, and the Bureau entered into cooperative agreements with such groups as the American Missionary Society, the Methodist Freedmen's Aid Society, and the Free Mission Baptists. Under the agreements, the Bureau provided monies for construction of the school buildings, and the religious organizations maintained the schools. In 1870, the cooperation between the Bureau and religious groups led to significant progress in the establishment of numerous freedmen schools in Louisiana. Despite their efforts however, freedmen schools continued to suffer from the effects of limited resources, lack of competent teachers, and a segregated school system.[5]

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws, commonly known as "black codes," that restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes, and in some instances were unable to get their cases heard in state courts. Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." [6] Assistant Commissioner Conway issued Circular Number 15 (September 15, 1865), authorizing his subordinates to establish freedmen courts in cases where freedmen were not receiving just treatment. Conway's successors—Fullerton, Baird, and Sheridan—believed that civil officers in most parishes administered justice impartially in freedmen cases, and so abolished the special tribunals as unnecessary. Nevertheless, Bureau officers were still required to represent freedmen in court cases and refer the most extreme cases of injustice to United States courts. In the latter part of 1866, fearing that freedmen's rights were not being adequately protected, Assistant Commissioner Joseph Mower re-instituted some Bureau judicial functions that had been previously suspended by his predecessors. William H. Wood, who succeeded Mower, told Bureau agents during his tenure that only in cases where the evidence clearly showed the civil court's failure to administer justice, were they to become involved. Wood's replacement, Gen. Robert C. Buchanan, like Fullerton, Baird, and Sheridan, continued the policy of leaving matters of justice to civil authorities. By the time Gen. Edward Hatch assumed office as Assistant Commissioner in 1868, Louisiana had restored its constitutional relations with the Federal Government, and matters concerning justice were returned to the state.[7]

The Southern Homestead Act (14 Stat. 66), approved by Congress on June 21, 1866, made available for public settlement 46 million acres of public lands in Alabama, Arkansas, Florida, Louisiana, and Mississippi. Six million acres of this Federal land was located in Louisiana. The act specifically prohibited discrimination against applicants due to race, and thus offered Louisiana freedmen and others an opportunity to become landowners. Only persons who headed households or were former United States soldiers were eligible to apply. A five-dollar application fee was required of all applicants, which allowed them to settle on an 80-acre tract and gain permanent possession after five years of cultivation. Generally, the Freedmen's Bureau, through "locating agents," assisted interested freedmen in finding plots, and provided them with one-month subsistence, free transportation to their prospective tracts of land, and seeds for initial planting. By January 1867, J. J. Saville , as locating agent, found homesteads for 87 freedmen, 73 whites, and 14 soldiers. However, because the New Orleans land office was closed, only 7 were able to file applications. While limited resources and the lack of suitable lands for settlement hindered freedmen in their effort to acquire land, freedmen also faced intense opposition from whites who opposed black land ownership. Freedmen were thus

encouraged by Bureau officials in Louisiana to settle on land in large numbers in order to protect themselves from intense opposition by whites.[8]

An act of Congress on June 14, 1864, authorized the payment of bounties, not to exceed $100, to black soldiers who had entered the military after June 15, 1864, and who were free on April 19, 1861 (14 Stat. 126). Amendments in 1866 dropped the requirement of freedom at enlistment and offered additional bounties of $100 for those blacks who had signed on for three years, and $50 for individuals who enlisted for two years. To assist black soldiers and their heirs in filing bounty and other military claims against the Federal Government, a claims agency was initially established in the United States Sanitary Commission. On July 14, 1865, Commissioner Howard authorized Freedmen's Bureau officials to act as agents of the Commission and to assist it in filing for black military claims. However, freedmen often rejected the free services of the agency and paid fees to private claims agents, believing that they would receive their money quicker. In 1867, concerned about abuse and fraud in the settlement of black military claims, Congress passed a law making the Freedmen's Bureau the sole agent for payment of claims of black veterans (15 Stat. 26). From October 31, 1866, through September 30, 1867, the Bureau in Louisiana settled claims amounting to just $1,489.73. However, one year later, 240 veterans' claims amounting to $52,058 were settled, with 484 remaining to be resolved.[9]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. All volumes were assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. No numbers were assigned to series consisting of single volumes. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders

received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports, labor contracts, marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 67, for example, the volume of applications for laborers for Bragg Home Colony also contains a register of complaints. Some other examples of additional series within volumes can be found in records on rolls 72, 78, and others. Researchers should read carefully the records descriptions and arrangements in the table of contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Louisiana, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Louisiana. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, RG 393, are records of the military district that included Louisiana. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Louisiana.

APPENDIX

Where noted, officers served at two locations. Additional information regarding persons assigned to various field offices might be found among the Bureau's Washington headquarters station books and rosters of military officers and civilians on duty in the states and other appointment-related records.

Your note of the 15th inst. is just received. I am very sorry you could not explain matters in your note. It impossible for me to visit your place at present or even this week. have more on hand than I can attend to. Will be away to day. but be here to morrow forenoon. the balance of the week I will be away. Burl informs me that you threatened to shoot him. and went into the house for your gun for that purpose, you also tell him that if he hires out to any one, You will make his employer pay a fine of five hundred dollars. You will not permit his wife to work in the field, or even stay in her husbands cabin on your plantation. I cannot see what harm she can do as long as she is not in your employment. By driving his wife

off the place, is sufficient cause for him to leave too. And he will be sustained in it. If his wife was hired why that a different case altogether.

Dear Sir.

Nelson Jackson (colored) informs me of several difficulties, you have had on your plantation
It seems that you resort to harsh measures. You make threats of cutting his wifes throat and otherwise use very harsh language, You are well aware that harsh measure will not answer, If you cannot get along without threatening, let me know. and I will settle difficulties as I have time to go.
Your Stephen (Lawson Blunt). talks very bad and threatins to shoot Nelson. and has. and has made one of these threats since I was at your place
Lawson is old enough to know better. and if he persists in making his threats, he will get himself into trouble.
There is one thing certain. I will not allow the freedmen to be abused, and will not allow the Planters to be abused by the freedmen, I find as as a general thing. that the whites are very abusive to the blacks. but the blacks must not say one word. if they do. some one is ready to cut their throats or shoot them.-
There is one thing certain. that if what is reported by Nelson be true, he will be justifiable in leaving you, and I will sustain him If there is any more such complaints, made in regard to shooting, cutting throats or cruelties, on these freedpeople I will give them permission to leave the plantation.-

Captain.

I have the honor to report three cases of infirm freedmen, reported as being aged & helpless, no one to take care of them, The Planters send them to me, but had to send them back, as I had no place to keep them, I wish to know what disposition can be made of them. There is about fifteen or twenty old people that are not able to take care of themselves, but heretofore, I caused there relatives to support them. Now they refuse to do so as they have not the provision, and depend on the Planters for support for themselves

I wish to know if rations can be drawn for them and issued to them where they are now living I have no place to keep that number, The planters with the exception of one, are perfectly willing to have them remain on the place, but refuse to furnish rations to any but their laborers, and children.

Your wife tells me that you are cruel to her daughter, and to herself, you make all sorts of threats, whipping, putting in jail &c, Your wife's daughter is over age, and you have nothing to do with her. if you whip or strike her, you are liable to be put in jail, Your daughter should try and support herself. Your wife complains of you buying every thing for your daughter and nothing for her, that should not be unless you can afford it. You must take your own home in consideration first. You must bear in mind that you cant send your wife off with the prospect of getting an other one on short notice. If you do, you will have me to deal with. I want you to be good to your wife, and dont let me hear of any more complaints, threats or whipping her daughter. Your own daughter, will have to keep out of your house unless she can behave herself, and not want to fight your wife every time she visits your house. If she does not behave herself I will put her when she will.

Wood W. W. I have the honor to request that receipts for supplies be forwarded direct to this office as planters are in the habit of going to the river and getting their supplies without receipting therefor, this causes a great delay in forwarding receipts, as planters come to town only when they want to renew their application. As the time is approaching when they will cease drawing supplies it may cause some trouble to get the last receipt signed. If the receipts could be sent direct here, planters would have to sign them before they could get their supplies as I would instruct Messrs Campbell & Slaughter at Port Hickey to that effect

I have the honor to report that since my last bi-monthly report of the 10th inst. very little business has been transacted at this office. No cases of cruelty have been reported, nor have any complaints been made by either planters or freed people. The latter are working exceedingly well and not one able bodied man is out of employment in the Parish the crops are very promising and planters state that they never saw better prospects for an abundant yield. I have been unable to visit any plantation during the month as the horse hiring applied for on May 31st 1868, have not been received. On the morning of the 13th inst. Mr A. E. Anderson, planter, called at this office and stated that his son had the night previous killed Daniel Brooks, one of Mr. Anderson's laborers. The Justice of the Peace who acted as Coroner, having left the next morning for New Orleans, I have been unable to obtain the evidence taken at the inquest. I will forward copies of testimony as soon as obtained. The schools of this Parish are improving but slowly — a few new scholars have been added during the month. Two labor contracts have been approved at this office during the past ten days. Amount of Subsistence Stores received and issued to Destitute from June 10th 1868 to June 20th 1868.

Office July 10

Warren

Bvt Col. (Ohio Cavalry)

I have the honor to report that since my last tri-monthly of June 30th. only a few cases of minor importance have been brought to the notice of this office. Freed people seem to be employed & well treated by employers as no complaints are made by the former against the latter. Laborers are working cheerfully & well throughout the Parish and very little time is lost by them for any purpose. Most of the planters concur in the opinion that their freed people are doing better this year than at any time previous to, or since the war. Most employers inform me that it is unnecessary for them to have any person superintend the working of laborers this year, as they seem in the habit of doing promptly. The few plantations which I have been enabled to visit since I have been in this Parish, have all the appearance of a large yield. I presume

there will be sufficient corn made this season to supply the people the coming year. There has been double the quantity of corn planted this year than there was last, and the prospects of a good crop are much better. The cotton crop is very promising and, even if the worm should ravage, planters anticipate a much larger yield than last year, although much less, by many hundred acres, of the staple is under cultivation. The attendance at the several schools is increasing each week, as parents are becoming enabled to pay the tuition fees of their children.

July 31

I have the honor to report that since my last tri-monthly of the 30th inst two cases of assault on freedmen by employers was reported to this office and referred to the civil authorities. Three cases where planters had discharged some of their laborers for trivial offences were settled at this office satisfactorily to all parties. The incessant rains of this past month has, I am informed, materially injured the prospects of the cotton crop, the rain destroys the bloom, causing it to "shed" thereby preventing the boll from forming. All apprehensions of the caterpillar seems to be a second consideration of planters at present. The grasshopper appear to be working exceedingly well, as no complaints are made by employers against them. I learn that in some plantations, those comprising "bottom land", the grass is not growing the cotton plant, this will materially reduce the amount calculated upon unless we have dry weather throughout the coming month. The schools for this season of the year

are more promising than at the beginning of the year, several new scholars have been added to each during the month, and it is the purpose of the teachers to continue them until the season without vacation as a majority of the pupils are attending ~~have been unable to visit any plantations, or transact any outside business during the~~ have been working in the fields during the first part of the year. I have the honor to report that that I assumed the duties of this office on the 8th inst. upon which day I mingled freely with among a number of planters and gentlemen who were in town and from whom I learned that the crops were very promising. The incessant rains of the past few weeks will lighten the crops somewhat, but they do not seem to think much of

that if the caterpillar does does not make its appearance this season, seems to be the only dread of the planter. The peasantry appear to be well treated by their employers and I heard no complaints from any of them. Saturday, (the 8th) having been a sort of holiday there was an unusual number of people here which gave me a good opportunity of mingling among them.

As yet I have been unable to visit any plantations or schools, but will do so in a few days.

1st There are 29 plantations which have drawn rations and advances from the Govt— whose plantations have not been visited or any report made of them some of whom are attempting evading payment of said advances.

2nd Besides these 29 odd plantations above mentioned there are the remaining plantations of this parish I have to visit in order to make the annual report to the A. A. G.

3rd Settlements between planters & freedmen under Govt contract will soon commence occupying the greater portion of my time and if called away to inspect crops of plants supplied by the Govt which are scattered all over the parish it will be impossible to attend to duties in the office

4 the political differences of the people, in consequence, no doubt, increase the already accumulated amount of business to be transacted at this office

I have the honor to report that since my last "Tri Monthly" of the 11th inst nothing of special importance has occurred. Several trivial affairs between Planters and Freedmen have been referred to the Civil Authorities and amicably settled.

The Cotton Crop promises well and will now no doubt yield in quantity much above the Average. Most of the Planters agree in saying that the Freedpeople are doing well working well, though of course there are some malcontents who will not be satisfied. In some way or other the impression has gone abroad that the crops need not be shipped to New Orleans but that by paying off their indebtedness at this Office they, the Planters, will have met the entire requirements of the Government.

I have convinced most of them that the Government requires the entire Crop to be shipped but several have hinted at testing the legality of the demand, hence I have no doubt right on the season advance much further all will be satisfactorily convinced. Concerning Schools, I have nothing to Report with the exception of the School at Clinton, which is in a flourishing condition. As this School is only a Freedmen, on the advancement is slow but sure. The reason for my making so unsatisfactory and limited Report is on account of there being no true Exponents at this Office. Regulations and Officials

have been forwarded but nothing as yet has been seen of the mountings at this office.

Henry Newman Edmund Isaac & Dennis Johnson left their Employer Mr DW Piper without Permission and went to the town of Jackson to attend a political meeting. On their return the following day (Sunday) Mr Piper discharged them and refused to make any with them as the contract stipulates that if any of the labourers leave without permission of their employer they may be discharged and forfeit all wages and share of Crop due them. A copy of Contract is on file at Headquarters—Piper Plantation. DW Piper employer dated March 28th 1868. I have visited Mr Piper's Plantation and find that the only charges brought against the men is because they attended a political meeting for which they are now deprived of their entire Season Labor. Sir Monthly Aug 31st

Sir

I have the honor to Report that since my last Sir Monthly bearing date August 20th several cases of minor importance have been brot before this Office. One, where several Freedmen had been discharged for violation of Contract has been referred to Head Quarters

Several Planters have tried to discharge their "Hands" for alleged breaking of agreement but almost invariably in looking at the matter carefully, I have found, that the real cause was a refusal on the part of the laborer to subscribe and bind himself to some political movement.

The Corn Crop is most promising but the Cotton is yielding indifferently well, owing to the heavy rains which visited this portion of the County in July.

I have visited quite a number of Plantations since my last Sir Monthly was written and the Planters seem to be comparatively well pleased with their anticipated returns, and in a short time Practical results will be obtained.

I am sorry to say that a feeling inimical to the Freedmen Schools, is prevailing and growing both among whites and Blacks fostered and cherished by the Political differences of the day

Rainy — I have the honor to report that since writing and forwarding the Dri Monthly of the 31st ult nothing has transpired worthy of remark save perhaps that the heavy rains of the last week have caused the cotton much harm. and the Planters assert that they do not expect more than half a crop still from observation made it is my opinion that this Parish will furnish quite a large amount the Freedmen assert that the Cotton crop will be good and as for corn all acknowledge that the crop is most excellent and much more has been raised than will supply the Parish for the coming year The last crop or third family of the cotton worm will not make its appearance inside of three weeks and before that much of the cotton will have been gathered

The Boll worm or fly made its appearance in great numbers, but still with all there depredations the Cotton will no doubt average at least two Bales to the hand

Slight misunderstandings between Freedmen and their Employers are daily brot to the notice of this office but invariably are terminated amicably to each party. With the coming month many vexations cases will arise in the selling of" as some Planters are inclined to attempt the defrauding of Freedmen under alleged violation of Contract. I have not visited any of the schools since my last Dri Monthly was sent, so cannot make any further Report. Two Planters have signified their willingness and Freedmen to establish schools upon their Plantations and I have no doubt that during the coming month two schools at least will be established. I have spent much of my time lately in visiting Plantations and respectfully the same in order that I may furnish a proper Quarterly Inspection Report

Annual School Report Sept 13th

Owing to numerous causes prominent among which may be mentioned my having assumed the duties of this Office only upon the Eighth day of last month the accumulation of business consequent upon the gathering and shipping of crops belonging to the large number of Planters who have returned Govt Employees the hiring deferred of one hundred

at a time when we were so much needed, these and other causes combined compelled me to forward a Report (in conformity with Circular Instructions of Aug 15th) at once Sergeant and Assistant Tuitory. Only four schools at which Colored people are allowed to attend exist in this Parish. The reasons for this are, the unprovided condition of the Freedpeople, a positive and decided opposition on the part of the White Population which opposition I am sorry to say has extended to the members of the Freedpeople who are literally compelled to this course by their Employers in order that they the Freedpeople, may retain their positions as Laborers. Numerous Articles of Agreement have been signed by them wherein they have bound themselves to support one Gentleman prohibited party, the consideration for which being that none others than such will be employed by the Merchants and Planters of this Parish. In consequence of this wrong Contracts unmade and the Freedpeople are forced in instances have been compelled to withdraw their support from some one of the schools before mentioned. The opposition is so strong that at one school House the Teacher was not only obliged to close the school but also leave the Plantation upon which she was staying and it was only upon the most pressing solicitations that she was induced to again open the school and resume her duties as Teacher. Contrabands

gruenter cannot be obtained for teachers of these schools and the teachers mentioned above is found to live in a negro hovel and subsist & insults and many verie annoyances of daily occurrence. I am happy continue to tell that is the conduct and heart approbation of other Freedspeople who have promised that so soon as the Crops are gathered and the pecuniary equivalent obtained they will start new schools which will be sustained in spite of all opposition

Gov P Gruenter have signified a willingness to open schools this State but with the restriction of opening schools Teachers born in the South alone

They will not allow Teachers born from the North or Colored Teachers upon their Plantations. I have only to add that of the 197 children in attendance at these schools only 40 are in defraying expenses

Dr Monthly

Sept 21st

I have the honn to report that since forwarding my last Dr Monthly Report I have been engaged in visiting those Plantations who are under obligation to the Govt for subsistence furnished. Nothing has occurred worthy of mention. The Cotton is yielding better than was at first supposed thought and both Planters and and Freedmen are anticipating with pleasure a goodly pecuniary return for the money and labor expended. The Freedmen are naturally anxious about their share of Crops & wages and many questions are asked about the Bureau helping them in having just settlements made as last year many of them

became involved through feelings of the Crops and unjust settlements.

They are working hard for now they see a speedy return for their yearly labors. I am waiting with anxiety the settling up between Freedmen and Planters, as the Political questions of the day have caused a feeling of bitterness in many questions between whites and blacks which increases daily. As the time draws near when such questions will be settled. The Planters and Merchants of this Parish have bound themselves not to employ any Freedmen who upholds political doctrines at variance with their own. In consequence of this the Freedpeople are in many instances looking forward to the coming year with fear and dread as the coming season after the crops have been gathered the Freedpeople are determined to start schools for their ~~Schools~~ of Children and I have promised all the aid possible from the Bureau. Large numbers attend Day Skools than before in some towns and they seem to be a desire to become better in morals and knowledge Next year many of the Freedmen will attempt planting themselves being desirous of a complete independence with the desire before them they have labored faithfully.

On the other hand some of the Planters have around them feel they will not be friendly to any Freedmen who have ~~no~~ regard to Schools may

Freedmen from withdrawing their children from the Schools compelled to them come by their employers who will not allow them to have anything to do with Government institutions

Sir.

Your note of the 4th inst. is at hand. In regard to a school in the town of Jackson of this Parish, they certainly ought to have a school there. I have not been to Jackson, yet but as near as I can learn a school is very much desired. I will help to organize a school there, or in any other place in this Parish if they desire it and give them all the protection in my power

Captain,

I have the honor to report the following murderous act committed on the person of G. T. Ruby (colored) School teacher Jackson Parish East Feliciana La on the night of the 2d inst. between the hours of 12 and 1 Oclock. Lewis Perry (colored) reports, that a party consisting of twenty or twenty five ruffians blackened up and dressed for the occasion, came to his father Isaac Perry's house between the hours of 12 and 1 Oclock at night. On rapping at the door his father got up, and opened it. A demand was made by the ruffians, where the colored School teach-

was that they wanted to see him. Isaac Perry (Colored) went to the school teacher room and told him that he was wanted G. T. Ruby came to the room door and asked what was wanted, the ruffians immediately seized him dragging him out of the house, not even given him time to dress himself, the party carried him off in the direction of Thomson's Creek, 1½ and a half mile from Jackson making threats that they were going to cut his G— d— Yankee Black heart out of him, at the mean time using him in a very vicious manner.

The ruffians were armed and surrounded the house to prevent any escape but few went into the house for the school teacher.

The day previous a number of men were around saloons and Gambling halls making their threats of flogging or killing the school teacher Enclosed you will find list of names being those that made the above threats

I have telegraphed to Brvt Brig Genl Edgerton Comdg Post Baton Rouge La to forward a company of soldiers to Jackson La to assist me in making arrest and recover the body of G. T. Ruby I will leave here at 5 o'clock A.M. to morrow to meet Capt Reed and Command near Jackson The freedmen are very badly scared and are no wise disposed to search for the body of Ruby they fear that if they were caught, they would share the same fate

I have the honor to report that I reached Jackson, Parish East Feliciana La at 6 o'clock A.M. on the 4 inst. in company with Capt Reed and command. My instructions was to get into Jackson La. by day-break and make the arrests contained in my report of the 3d inst; but getting in after sun rise I made no arrests or enquiries in regard to parties who made threats on G. T. Ruby. The town people are very much disgusted at the appearance of soldiers. Am confident that several left Jackson La. as soon as it was known that soldiers were there. but think they will return as soon as they find out that no arrests has been made I went to Isaac Perry (Colored) house where G. T. Ruby boarded. For information, was informed that W. Ruby was still alive and was two miles out of Jackson La. on Capt West's plantation. I went to Capt West and was informed by him that he had furnished Ruby with conveyance and driver and sent him to Bayou Sara La. Capt West states that about 2 o'clock on the morning of the 3 inst. a man was brought to him by the Guard from the cotton house in a destitute condition, when asked who he was and where from, he answered that he was bound by an oath to secrecy, he spoke as a stranger, and was in such condition states the Capt. that I thought he was a man from the Insane Asylum Jackson La

And sent him to my laborers quarters for safe Kuping until Morning Capt West found out his condition in the morning gave him Rhimulents. Clothing &c and assured him no one would come then to harm him &c Stats that Ruby was badly hurt. I would have sent to Bayou Sara to see Ruby but my horse was so near used up that I concluded I would not go any farther. If Mr Ruby was able to travel I have not the least doubt but what he has left Bayou Sara La. for New Orleans ere this. Capt Reed and command are camped in Jackson.

The interested people in Jackson are very anxious to have the troops removed from their town.

Capt Reed caused to be fired at the hour of 12 Oclock M. thirty six rounds in honor of our independence. However very much to the disgust of the citizen of Jackson La.

I have the honor to request that Capt Reed and command be stationed at Jackson. Parish East Feliciana La. for the protection of the colored school, and to enable me to enforce the rules and regulations of the Bureau R. F. & A. Besides they still make their threats in Jackson, that they will be G— d— if they will ever be another nigar school started there. The interested men of the town have no objection to colored school and are very much opposed to the doings of the 24th inst. but never the less, there is a certain clique in Jackson La. that are still opposed, and it certainly would not be advisable to send a teacher there without protection. —

Captain,

I have the honor to make the request that a school teacher be sent to Jackson Parish East Feliciana La for the purpose of teaching a colored school. There is a good opening there for a large school. The community at large are in favor of the colored school now However there is a few that are ill disposed. I have made application to Capt A. F. Hayden Asst Adjt Genl B.R.F.&A.L. State Louisiana to have a company of soldiers stationed there, unless my request of Capt Hayden be granted I think it would not be advisable to start a school there. In my opinion now is the time to start the school, whether they want it or not and have protection by troops is necessary which I think it is.-

Sir,

It appears from the statement of Richard Rogers, (col'd) that you do not give him and his wife sufficient food and that the latter had to leave the plantation on that account. The failure of supplying hands with necessary rations on the part of the employer, renders the contract between them and the laborer null. corporation is without the means and is not likely to have any for some time.
I would also respectfully state that I am surprised that Captain Armstrong, A. L. &c. would have a letter directed to the Mayor of Clinton on such a subject as he, (the Mayor) has no control in matters of this nature, being only the Chief Magistrate of the town. The Chairman of the Police Jury is the proper person to address in such cases, but in my opinion the Mayor and Police Jurors of this Parish care very little whether freedmen are provided for or not. White paupers are amply provided for by the police jury but nothing has been done for the freed.

I have the honor to submit the following case for

from consideration, viz - On the 7th inst, I arrested H. H. Herbert, on the following charges: On 29th April attempt to kill Martha Stafford, (col.) by shooting, the ball grazing her left hip. On the 1st inst Daniel Austin, (col.) came to this office to report the case, but said nothing in regard to the shooting: probably from intimidation by the parties implicated, as his life had been threatened from time to time by the man Herbert. On the 2nd inst, the above mentioned Daniel Austin, was shot, the ball entering above the right hip, and near the back, and lodged in the left groin from which wound he died on Saturday the 4th inst. H. H. Bowder, was arrested for the crime, by the civil authorities, discharged, and re-arrested by the deputy Sheriff of this parish and is now in jail in this town. Herbert, from all the facts ascertained, is the direct cause of the murder. The testimony of witnesses was not complete in this case, as the investigation as the justice of the Peace who took the several affidavits would not question the important witnesses about the killing of Daniel Austin, but endeavored to smooth the whole thing over. Austin on his death-bed, swore before a justice of the peace that Bowder, was the identical man who shot him and that he (Bowder) was the accomplice of Herbert. I have not the slightest doubt that if Bowder is allowed to be tried by a civil tribunal that he will go unpunished for one of the most fiendish and cowardly murders that has ever been perpetrated. Inclosed you will please find a list of the most important witnesses as far as I could find, but there are a great many more whose give important testimony. I arrested D. G. F. Mulkey as an accomplice, and will, no doubt, be an important witness in this case. I would suggest that this young man Mulkey, would be kept seperate from Herbert. If possible, Herbert could return to his plantation, as he has not settled as yet with his last year's laborers. Should he be allowed to return, a proper and competent guard should be sent with him.

I would respectfully request that any information not established above, that you may require will be furnished by my clerk, who is the bearer of this.

I have the honor to report that since my last tri-monthly report of April 30th considerable trouble has existed between planters and freedmen, owing to the registration of names for qualified voters. A misunderstanding arose among the freedmen to the effect that they must immediately register themselves, and numbers of them left their work, in some cases a whole day, for that purpose. The loss of a single hour, at this season of the year, is of so much importance for the success of a good crop, that I immediately took proper steps to have the freedmen come to town at such times as would not interfere with the interests of their employers or themselves. About three hundred freedmen have registered their names up to to-day. Owing to my attention having been called to the arrest of Herbert & Mulkey, and the investigation of the murder of Daniel Conklin, I have been unable to inspect the usual number of plantations during the past ten days. On the whole, the employers and employees appear to be working quite amicably and although the season for planting has been retarded over a month, yet, there is a fair prospect of a good crop, should no early frost destroy the cotton. The following cases have been reported and acted upon at this office since my last report of April 30th.

Richard Rogers (col.) reported that his employe

John Robinson, did not give him sufficient food and that his wife was obliged to learn on that account. I wrote to Robinson, who reported here with Rogers and upon investigating the case I found that the statements of Rogers were utter false, and that his motive for so doing was to have his contract annulled so as to enable him to leave his employer with impunity. I ordered him to return to work and continued him against making false statements at this office in future. Clem Morris (col.) reported by his employer wife as having abandoned her and her children. I ordered him to support and care for his family which he promised. Caroline McKlay, (col.) reported that herself and husband had not been paid by their employer J. C. Reily, for labor performed last year. Reily proved, on investigation, that he had paid them in full, and the husband of the above also acknowledged it.

Dr. Sir,

I have the honor to state that I can give You no information in regard to the detention of M. H. H. Herbert. The Military took charge of him on his arrival at Baton Rouge, and I am ignorant of what further steps they will take in the matter. Under the circumstances, I cannot appoint any person to take charge of the plantation. I have visited the place and found the people doing remarkably well.

Colonel,

I have the honor to submit the name of Dr. Catlett, a justice of the peace, of the town of Jackson, this parish, for removal from office. This man Catlett has always endeavored to shield the white man and punish the colored. In a case where he was applied to by a colored man to reclaim his children who had been bound out, he answered that he did not interfere between the master and his slave. In the late murder case of Daniel Austin, Williams Browder, now in jail here, was brought before him but discharged, on the grounds, as he said, of insufficient evidence. He has been reported to me on several occasions, by prominent citizens of Jackson as totally unfit for the position he holds. I am of opinion that the advanced age and infirmities of Catlett, render him incompetent for any responsibility and especially justice of the peace.

I have the honor to request to be informed what action I will take in regard to the management of the plantation of H. H. Herbert, now under arrest? There is no one on the place at the head of the laborers & although they are doing remarkably well under the circumstances, I do not know how long they will continue to do so. Would it be proper for me to appoint a Superintendant to conduct the affairs in a proper way during the absence of Herbert? There is no white person on the plantation, hence the necessity of a proper manager.

Colonel,

I have the honor to submit the following case to you for information: Last year, Gabriel Hickman, (col.) was arrested on the affidavit of one Scott & Lee, on the supposition of carrying concealed weapons. Hickman, at the time alluded to, had no weapons of any description about his person, nevertheless, he was lodged in jail, where he remained some two weeks when he was induced to compromise the case on giving his notes for $74 cts which he did. $34 cts of the amount was jail fees and the balance $50 cts was for a Mr. Sanford, a lawyer who arranged the compromise, the whole affair was settled between Scott & Lee, Sanford, McKneely, the Jailer, the latter and Sanford sold the notes given by Hickman to one Mr Broadway who took Hickman to his place where he is now working out the amount. I would respectfully ask whether, after Hickman being falsely imprisoned, and the

case never brought for trial, if Broadway can compel the boy to work out this amount, and if Sanford had a right to charge and collect $50 cts for compromising the case. The boy Hickman is not very intelligent & it is my impression that he was made to believe that unless he made such arrangements as stated above, that he would be kept in jail. Hickman was prevented by Broadway from coming to this office to report the case, and it was by mere accident that I found out the circumstances.

Colonel,

I have the honor to report the following cases and

my action thereon: On or about the surrender, Andrew Nickley, (col.) formerly the property of one J. C. Reily, and his wife Caroline, the latter at the time, belonging to B. N. Farmer, took from their respective masters a horse each for the purpose of making their escape within the Union lines at Port Hudson. On their arrival there they reported to, with the animals to Capt. Baily, the Provost Marshall at that point, who took the horses and turned them over to one Gabriel — (col.) and father-in-law of the above named Nickley, for the purpose of returning them to their proper owners, which he, Gabriel, did. The case being reported to Lieut. Bridges, agent of the Bureau at this place, he made a demand on Capt. Baily, for Nickley and wife, to be turned over to the civil authorities on the charge of larceny. Capt. Baily refused to give them up as the order of Lieut Bridges when they remained unmolested until October 1866 — when Nickley and his wife were arrested on the affidavit of one John L. De Lee, on the charge of stealing the horses and after being kept about two weeks in jail, the accused were let out on giving bonds and paying the sum of twenty-four dollars jail fees, as Reily

Farmer did not wish to prosecute them. This case, during the present session of the court, was reported to the Dist. Attorney, J. C. Stafford, who is one of the most bitter enimies of the colored people and he is bound to put them "through" as he terms it. Enclosed you will please find copy of a letter notifying Mr. J. C. Stafford the District Attorney to take no action in this case. Nickley and his wife have been in this parish over one year and it is my firm belief that it is from sheer malice that the civil authorities are interfering in this affair, putting the accused to a great deal of trouble and expense. Last year they lost nearly their whole season's labor by the same operation. Nickley being unable to get pay only for two months, during the whole year.

I have the honor to report that William Rounder who was held and tried by the civil authorities, on the charge of the murder of Daniel Austin Miles, (col.) on May 1st 1867, in this parish, was acquitted to-day, the jury finding a verdict of "not guilty". On the same night that Daniel Miles was shot he, Miles, accused James Mulkey of the deed, but was afterwards informed that Mulkey was not the man, as he was at the corn crib at the time firing out corn for the stock he, Miles, then said it was Bill Rounder, who did it, and gave it as his dying testimony, implicating three parties with the crime, and that he forgave Wm Rounder for the shooting. He also stated that Herbert was the instigator, James Mulkey, knowing the facts; and Bill Rounder committing the deed. Rounder when last seen on the day of the homicide, was within one and a quarter mile of the place of the shooting, and that about Sundown, going in that direction.

I am sorry to hear that you took summary action in the case of Hester Dunn, (col'd) by putting herself and things into the public road when she is in a condition that would not admit of it under any circumstances. From your statement yesterday, it did not appear she was in the eve of confinement. If the statements of her husband are correct I consider you done wrong. You knew she was hardly able to walk up her there for should have told me and I would have settled it more amicably.

I the honor to report the following case for your consideration, and your decision thereon: In the month of January last, Dr. J. R. Montgomery, contracted with a Mrs. Harrison, to work her plantation and she to furnish teams, farming implements of all description to carry on the plantation, he then, Montgomery, contracted with freedmen to furnish land. teams, farming implements, feed for said teams, and give said freedmen one half of the crop raised by them.

the remaining half was to be equally divided between Mrs. Harrison and Dr. Montgomery. A fourth party, by the name of Cooper, steps in who succeeded in getting judgement against Mrs. Harrison, at the last term of the Court, and has caused to be seized all the teams, wagons, farming implements &c - which will necessarily cause them to hire the necessary teams, wagons and farming implements to carry on their work, or else abandon everything which will be the latter as they are not able to either to hire or buy. The stock, wagons and farming implements are to be sold at Sheriff's sale on the 3rd day of August 1867. The freedmen are very much discouraged. They labored in good faith and were not aware that any process of law could deprive them of the stock they had contracted for to make a crop. An answer to this will be required between this and the 3rd day of August.

I have the honor to state in reference to your communication of the 25th inst, that the clerk employed by me, cannot very well be dispensed with at no time without manifest injury to the Bureau, this parish being a large one and containing four towns, viz: Clinton, Jackson, Port Hudson & Keller town. Clinton, being the largest Jackson, twelve miles from here being nearly as large as this which requires considerable of my time to settle differences there. Port Hudson 28 miles from here, where considerable is done during each month, but nevertheless, freedmen living at a distance are more or less annoyed which cannot very well be unsided. I would respectfully call your attention to my tri-monthly reports which will give you an idea of the number of cases and amount of business transacted in this office. It is an utter impossibility for A.S.A.C. to make inspection reports, arrangements between planters & freedmen, settle difficulties and en to the general welfare of the freedmen, besides keeping a set of books as is required by circulars Hdrs. dated Hd. Qrs. B.R.F. & A.L. State La. Oct. 1867 without assistance.

Your letter was received two days ago and was very glad to hear from You and the working of your plantation. You own laborers were my informants in regard to what I wrote to You, but let that all pass. I am very sorry indeed that I wrote as I did, referring to by-gones, but I assume You had no intention to cast any reflection on your character. My motive in referring as I did was only to caution You about getting into further trouble. I am glad to hear that You have settled, I will call on You next month. Your note of this 25th is to hand and contents noted. In answer would state that as it is not mentioned in your contract with freedmen that they are to receive one third of the fodder, they cannot claim that portion. Doubtless You require them to pull this fodder, in that case You cannot compel them to do so, no more than they can compel You to give them one third. If You wish the fodder pulled by Your laborers You will either have to pay them for their work or give them a portion of it.

Hughes, Mayor, Jackson, La. Sir.

It appears from several statements that I have heard that there is trouble brewing in your town. Am informed by some of the white citizens that the blacks congregated in Jackson some time ago armed &c and obstructed the streets by placing their pickets, guards &c - thereby preventing peaceable citizens from passing or repassing. On questioning some of the freedmen from Jackson. I find that their purpose for coming armed was for self-protection and not to molest any one, besides there was but ten guns in the whole crowd and the ones that brought guns were from the country. I write you this to prevent erroneous ideas from circulating that the freedmen held their

meetings with evil intent towards the whites. I know of some here who feel alarmed when they see a negro with a gun and they are assured that will will guard out of it. I am informed that at the next meeting of the freedmen that it is to be broken up, that such meetings will not be allowed in Jackson, that the people of Jackson do not know what such meetings are for. Now, the whole of the case is this, the freedmen are desirous of organizing a "Lincoln Republican Club" which they have a perfect right to, and they have a further right to exclude all whites or blacks that are not wanted in their meetings. The freedmen expect nothing more or less than interferance at their next meeting, which comes off next Saturday at 3 o'clock P.M. I have told the president of the club to notify all parties who are intending to attend the meeting to leave their guns at home, that it was not necessary to attend their meetings armed as they would not be molested. The mayor of Jackson will be held strictly responsible for all acts of violence against the freedmen, or any interferance in their meetings. Parties committing acts of violence against the freedmen will be arrested and sent to New Orleans, for trial by Military commission

Sir

I am informed by Cyrus Perkins (c.) that you have discharged him without just cause or reason. It appears you ordered him to get out well-curbing and instead of his going, he sent another man, but that did not suit you. If Cyrus refused to do that kind of work, he had a perfect right to do so, as there is nothing mentioned about wells in Article 6th of your contract. Article 5th specifies who has the power of discharging, for violation of the contract, and that is the leader of the squad, and not you. If Cyrus' statements are right, you will be held responsible for the whole years labor, unless he is allowed to fill his contract, to work on Peach Grove Plantation, and at the end of the year receive his share of the crop, like the rest of the hands. You will please bear in mind, to make no threats or commit any assault on this man Cyrus as the Government does not tolerate such acts.

General,

I have the honor to request that at least twenty (20) more troops be sent to this place, as I anticipate serious trouble between the whites and freedmen, between this and the coming election. The freedmen are forming Republican clubs and calling meetings throughout the parish which the whites say they will not allow or tolerate. I have been waited upon by four of the most prominent citizens of the parish who requested me, in their name and of others, to apply for a sufficient force to quell any disturbance that may arise. The detachment of troops now stationed here, is totally inadequate for any emergency there being only five — besides, there is usually two or three of them on the sick list and unfit for duty. I arrested a person here some time ago and was obliged to release him because there was not two men in the detachment who was capable, from illness, to convey him to Baton Rouge. I am, Sir

I have the honor to report that owing to the failure of the cotton crop in this parish, several of the planters have discharged their laborers some have applied to me at this office for settlement with their freedmen, as they were unable to keep them any longer, but willing to pay them for the time they have labored. These, I have been able to settle with satisfactorily to all parties, but there are others, who have Government and Civil contracts, who discharge their hands without even consulting the freedmen. This class of planters, I have objected to keep up with their agreement as their motive is to swindle, what little if any, is coming to the freedmen. From present indications, and the continued rain for several days past, there will be little or no cotton raised in this Parish, as yet. I doubt if there is twenty bales gathered, all told, and the

laborers have been unable to do any picking this week, owing to the rain. The planters will certainly discharge their hands or refuse them rations for the balance of the year. In that case, I would respectfully ask what course I shall pursue with those people who discharge their freedmen, or refuse to furnish them rations, having either a Government or Civil contract, on the grounds that the crop, (cotton) is a failure, and that the freedmen are already in debt, or will be at the close of the year if they continue to keep and provide for them.

I would respectfully ask if the civil authorities of this State, can compel all the freedmen from a plantation to leave their crops and work on the public roads while the white people are exempt, not even being taxed for road improvements. The freedmen on several plantations have lost considerably by these arrangements as "forced pulling" commenced four weeks ago, and a considerable quantity of this has been totally lost and those interested have made complaint and refer it to your consideration.

Henry Jones reports that he is ordered to leave the place, owing to the failure of the crop. Of course, when you employed him, it was for the year. You can consider yourself lucky if he does not make you pay for a whole year's labor. Mr. Overton cannot drive these people off his plantation, because the crop is a failure. I have the honor to report the following in connection with the case now pending between the State of Louisiana vs. Andrew and Caroline Nickley (col.) indictment, horse stealing. In the month of October 1866 one John L. De See, a planter of this parish, without cause or provocation, made affidavit against said Nickley and wife for horse stealing, thereby causing them to be arrested and lodged in jail. At the time of their arrest they were working for Mr. John East, a relative of Dr See. Sometime after their incarceration, Mr. J.C. Reily, son-in-law of John L. Dr See, gave bonds for them and had them released from prison, and engaged them for the balance of the year to work his plantation. At the October Term of the court held here, they were not tried, nor at the following January term. On the 1st May 1867 Caroline Nickley (col.) appeared at this office, and made complaint as follows: Previous to their release from jail, Luther McNeely, gailor, exacted from them the sum of twenty four (24) dollars & some cents, jail fees, which amount was borrowed from Caroline's Mother and paid to McNeely. Caroline was under the impression that that Mr. Reily, her employer, had de paid this amount of jail fees, upon which I investigated the matter, writing to the Sheriff requesting him to see how much money had been paid McNeely. (copy of letter enclosed) The sheriff reported at this office with McNeely and stated that the jail fees had been paid but once, and then by Caroline. At the May 1867, term of the court I was informed that Nickley and wife were to be tried, and it was positively stated to me that McNeely was indignant at being reported for receiving jail fees twice, and consequently he had the case brought to the notice of J.C. Stafford, the District Attorney. When the D.A. was informed that if Nickley and wife were tried it would ruin Mr. Reily and the former, he replied that he did not give a damn, those niggers had tried to put others through and he would do the same. Had Nickly been brought up before the court, his crop would have been lost, and as he had been swindled by every one with whom he had been living, this last imposition would have made himself and family destitute. At no time were they more than twenty miles from this place and yet, after fifteen months they are arrested, and it is not until eight months subsequent that they are brought up for trial. My action in prohibiting the District Attorney from prosecuting the above named parties was not to interfere with the civil authorities but merely, as I thought, doing my duty to inform prudence. Mr. J.C. Reilly stated in my office, in presence of witnesses that the

whole plan for arresting Nickly & wife was laid by John L. Dr Lee, for the purpose of getting Andrews and Caroline to work for Reily, as they were good hands and he needed some very much. It was not their intention, at any time, to have the parties prosecuted. John L. Dr Lee, and family are reputed as a very bad family, and no colored person can live on Dr Lee's plantation but those who are taken out of the parish jail or lands. No one will go there with his own free will. I would respectfully ask to have this communication kept at Head Qrs unless it is necessary to have it returned here, and in that case to myself as the Dr Lee family are such troublesome people that should this reach them I would be greatly annoyed by their machinations, petty tricks and disgusting way of doing business. I have had some difficulty in investigating this case as the colored people who know anything bearing on it were very reluctant in giving me information as the Dr Lee's are a dread to the whole population. The most important I cannot get at present, for I cannot find the parties who gave me the following information: Lieut Bridges who was Bureau agent at this place made a demand on Capt Daily, Provost Marshall at Port Hudson for Andrew Nickly and wife Daily refused, Lieut Bridges then applied to Col. Monroe, Comdg. 7th Ky Vol. Regt. here, who also made a demand on Capt. Daily for them. He still

refused, when the case was referred to Head Quarters at Baton Rouge, and Capt. Daily's action approved. The Post Hudson records will show the decision.

I would respectfully call your attention to my report of the case to Lieut. Col. Geo. F. Schayer, Sub. Asst. Comm. Baton Rouge, dated Clinton, La. May 29th 1867.

I have the honor to report the following case of assault on a freedman of this parish. About midnight on the 4th inst., one William Rourke, who has rented a plantation, did, without cause or provocation, break into the dwelling of Orange Seldon, (col.) and there, struck him over the head three times with a large stick, armed at one end. They then went outside where he struck him again on the right cheek-bone inflicting a wound supposed to be, at the time, and up to last night Mortal. I immediately arrested Rourke and kept him in confinement, awaiting the result of Seldon's injuries. His physician, to day, considers him out of danger, so I have turned him over to the Civil Authorities for trial. I was informed early on the morning of the 5th that Rourke was preparing to leave the place, hence my reason for arresting him.

to bind him to learn the painters trade I understand he refuses to go also, and being nearly of age, his aunt could not have much control over him, he spoke to me last summer to put him to a trade, I told him I would on the first of January 1868. The girl is perfectly willing to go. If the young boy's aunt can come here and persuade him to go, I am perfectly willing, but I cannot drive him by force. To the laborers on
Dr. Jones' plantation.

You have been reported to me for conduct unbecoming freedmen, as being insolent, lazy, liars, thieves, in fact, everything that is bad. I visited the plantation for the purpose of investigating the above charges made against you, and found you absent, which caused me to believe that you absented yourselves on purpose to avoid me.

I went through your crop of cotton, corn and potatoes, and by the appearance of the same there were not half worked. Since the picking season, you have worked shamefully, and your conduct towards your employer and his agent has been enough to have any one of you discharged with loss of pay. You head man, Lucius, is discharged, for the purpose of making an example, however he will receive his just proportion for the time he worked at the end of the year. Now, any or all of you, who shall be reported me, for disobeying any lawful order given by your employer, or his agent, or fail to do good work according to contract, or be wanting in due respect and obedience to your employer or his agent, or for carrying weapons to the field in working hours, I will cause the offender to be discharged and the one so discharged shall forfeit his share of the crop.

It appears by his statement that his mother has not good sense, and you do not feel justified to pay the money to her. George represents himself as being the only representative of his mothers family and considers himself fully competent to take care of his mother I should judge by George's appear-

ance that he had not a great deal of sense, and it would be advisable under the circumstances to by the old woman provisions and clothing to the amount and, place the same at her hands so that her son could not have the handling of the money. I write You this on the hypothesis that you are indebted to the old woman.

If the facts are as stated, You will have to furnish Your hands with the proper allowances of meat and meal, and as You have been paid for all claims You had against your hands, You must give them one third of the net proceeds of what they have cultivated. It is also reported that You are in the habit of carrying a revolver, this proceeding will not be tolerated under any circumstances. You will put your corn altogether and then divide it by the barrels, Mr. Rourke taking two and you third one. Mr. Rourke says your corn is a great deal better, and to avoid any unfairness, you will submit to have it divided as above stated, by so doing you will get one third out of the lot given to Mr. Rourke and one third of what you now claim your own, the corn then will be equally devided between you. Mr. Adams will explain the meaning of it and see that you receive your just proportion. Mr. Rourke complains of you carrying your gun to the field. After this you will leave your gun at home and under no circumstance you must carry your gun to the field when you go to work. Every one of you will do your best to gather your crop. Rations are to be furnished you, but unless you work, rations will be stopped, and you will

Jones, who is a druggist in the town of Jackson, this Parish, has a plantation situated four miles from the above town and in the begining of the season he engaged Mr. Reuben Nash to superintend the cultivation of the place, as he could not attend to it himself. The following five men with their wives and families were on the place; Lucius Green, Daniel Isaacs; Ben. Wilson; John Burgess; Richard Green; Harold Green; Dempsey Grey; Sandy Jones; Stephen Carrie; Alexander Bell; and Glem Anderson. Lucius Green was the head man of the

Freedmen, and he dictated to them. On several occasions during the summer Green threatned the life of Mr. Nash, and on one or two occasions drew him out of the field remarking at the time that it did not belong to him and they, the freedmen had the first claim to it and could do just as they pleased. When the corn was gathered Mr. Nash requested to have it put in a crib until such time as Dr. Jones could make a settlement with them, but Lucius refused and forcibly hauled off sixty (60) barrels of corn and twelve (12) bushels of potatoes. I had visited the plantation once during the summer but no complaint was made to me at the time. After Lucius Green had taken this corn, Dr. Jones called on me and requested me to visit his plantation. I done so and found the place in a most wretched condition. Dr. Jones is involved in debt by them for over three thousand (3000) dollars. When I went to the plantation, most of the freedmen had run off, as they had been informed I was coming. On investigating the case and finding that the freedmen had behaved in a most outrageous manner and that they wantonly neglected the crops. I gave an order to Dr. Jones for the dismissal of Lucius Green from the place, and to have him return all the corn and potatoes he had taken off, and also as being the direct cause of all the trouble and losses on the plantation. I also stated in the order that he could get his share of the crop, if any was coming to him, at the time and place the settlement would be made

with the other hands. Lucius returned the same amount he had taken away On Ashpholdel plantation on Thompson's Creek, united by Mrs. Fluker, to Gen. H.H. Hubert. the following freedmen had also possession of the place and would not allow their employer to interfere with them viz:- Bannister Johnson; Madison Palmer; Stephen Palmer; James Palmer; Harrison Davis; Allan Dillon; James Kent; Martin Palmer; John Brown; Wesley Johnson; and Levi Stafford. These people worked when they pleased and done just as they pleased.
I visited the place; read the contract and circular &c to them several times and explained to them the nature of the agreement and the duties they had to perform. I also informed them that the first one that would be again reported to me, I would issue an order for his immediate removal from the place. They have been doing better since my visit there. On Talidego plantation, ten miles from Clinton, owned and occupied by Mrs. Joana McManus, the following freedmen: Major Rabb Snr; Major Rabb Jnr; Murray Whitehead and Millicans McManus had almost possession of that part of the plantation they had cultivated, they carried six bales of cotton to the town of Jackson, and there tried to dispose of it. Mrs McManus informed me of the proceedings and I took the following action in the case. I issued an order to all the freedmen on the plantation, not to take, carry, or

convey away any part of the crop until such time as a just and equitable settlement could be made with the whole of the hands. The next day I went to Jackson when the cotton had been taken, and there I sold it for the benifit of all the parties, the freedmen being there as also the son of Mrs McManus who represented her in the matter. I turned over the whole of the proceeds of the sale of the cotton, in shares, to the respective parties. All the above parties are now in amicable terms as the cases were satisfactorily settled. The freedmen after having properly been made to understand their position they relinquished all claims they pretended to have on crops &c.

I have the honor to report the following case of assault and battery committed on the person of John Smith alias Bull, (col.) on the night of December 24th inst. by one of two men belonging to the squad of troops now stationed in the town of Jackson, La. The statement of Smith is as follows:

On Tuesday evening December 24th inst as I was sitting, resting on a bench in front of Mr. Drain's house, two men in U.S. Military uniform came up to me. I had laid my walking-stick against the bench, at my side. I am a cripple and carry a stick to support me in walking, which one of the men took up as they approached me and making some remark, which I could not understand, as I am partially deaf, hit me over the head. I jumped up and asked him what he was doing. One of them said "Jemmy don't him, any how" The man alluded to as "Jemmy" hit me another blow from which I fell, while down, one of them put his hand in my pocket and took from it an iron key, one silver half dollar of the mint of 1859, and some due bills

which I had against different parties. I was then carried home by some people who came up at my cries. "signed" Wm Smith. Previous to the assault Wm. Sterling Neville heard the following dialogue between the two soldiers: About 9 P.M. on the night of Decr. 24th inst., I was in my yard, I saw two of the troops now stationed here, (Jackson,) coming up the street, when one of them said "let's shoot niggers on the sidewalk, for fun," "No, let's kill every son of a bitch we meet;" "will you?" "Yes, by Jesus Christ, I'm a son of a bitch if I don't;" "give me your hand on that;" "let's take a drink;" "hand me the bottle" "here's the bottle I heard one of them say a short while after the above. "I will kill every son of a bitch of a nigger before." "I will kill every son of a bitche of a nigger before I leave this town: I am a U.S. soldier by Jesus Christ, and we're all right comin." "signed" Sterling Neville. Mr. C.F. Hanselton, late Major of the 9th Pennsylvania Vol. Infantry also heard the following as the men were coming from the direction of Sterling Neville's residence.

One of the men of the 25th U.S. Infantry remarked to his companion "we'll kill some of bitches if you do not find dead niggers on the steps in the morning" Mr. Hanselton heard this remark before the assault and while the soldiers were going to in the direction where it happened. The troops did not leave their quarters

during the day of the assault, but stated in presence of Dr. F. Jones, that they were ordered to come out, fearing they would be mobbed by the people.

In connection with the foregoing I would respectfully state that if the colored people of Jackson are compelled to put up with the almost tyranical rule which the civil authorities have been inflicting on them I do not doubt but what they may, when driven to it, uprise and avenge themselves on their oppressors. The colored people of this Parish are not given to rowdyism and if they were not molested by the whites, I have no hesitency in saying that a quieter section of law-abiding people could hardly be found in the State. Since I have been agent of this Parish - nineteen months - I have been enabled to acquaint myself with the disposition and feeling of the colored people and up to the 14th inst, when the troops broke up a meeting which which was for the purpose of raising funds to pay for a school-house, and not as erroneously stated that it was for the purpose of raising funds to supply members of the Convention at New Orleans, with money. I heard on of the freedmen express by word & deed that any ill-feeling existed against the white people. The troops which were sent to Jackson, were totally unnecessary, unless it was for the protection of the colored people.

yet, on the contrary, they insult and assault all whom they met, this has caused them, for the past few days, to express themselves in such a manner that leads me to beleive they are not stalisfied. The colored people presume to be protected by both Military and civil law, but the town of Jackson is and has been, an exception to this the demoralized reputation of its white citizens and their many outrages on freedmen place them beyond the pale of even peaceable citizens. The place where the two soldiers "Dick" and "Jenny" spent the evening of the 24th inst. and got drunk, is kept by a woman who has not an enviable reputation. Her husband, during the war was perpetual his life for most outrageous conduct towards unarmed ladies and little girls. A man by the name of Regan, is living with this woman and both are considered as vagrants, having no visable means of support. Yet they are citizens (?) of Jackson. I would respectfully suggest that a military commission be appointed to investigate the late disorders in the above town and also the proceedings of the local authorities for the past year as it is in my opinion the only way to avoid a very serious collision between the whites and blacks.

Lieutenant,

I have the honor to transmit herewith, testimony taken at the investigation of a sergeant and two men of the 39th U.S. Infantry, entering a school house in the town of Jackson and dispersing a meeting of colored people which had been called for the purpose of raising funds to pay for their building. The case has been reported on page 6 of my tri-monthly report of the 20th inst. The unusual number of settlements which I have been obliged to immediately attend to, prevented me from forwarding the following testimony sooner.

James De Grey
1st Lieut. 39th U.S. Infty.

Marcus Fraser (Col.) deposeth and says: I am a minister of the gospel. On Saturday Decr. 14th inst. as I was standing in front of the congregation assembled in the school house, in Jackson, called for the purpose of raising funds to pay for the building I saw a squad of soldiers of the U.S. Army, and a sergeant enter the house

and the latter saying "get out of here every damned son of a bitch of you" and brandishing a sword continued "or I will cut your damned heads off." The people were so terrified that they all flied through windows, doors and &c. I remained in the building. the sergeant came up to me, but said nothing, all the people were gone by this time." "signed" G. J. Blunt.

Annanias Bauer (col.) deposeth and says: I am a minister of the Gospel, by commission. On Saturday, Decr. 14th inst. I was in the school house in the town of Jackson. I had announced at the prayer meeting which I held on the previous Sunday that there would be a meeting of the colored people in Jackson for the purpose of raising funds to pay for the building. The house was filled on the above day, and when about half through collecting and entering the names of contributers. I was passed over by the people rushing out, I did not see any troops; I was close to the door at the time and was carried out by the crowd. "signed" Annanias Bauer.

William C. Williams, School teacher of the colored school, deposeth and states as follows: On Saturday, Decr the 14th inst, I repaired to the school house in Jackson. When I reached there, I found the building so crowded with people that I could not enter

I went about thirty feet from the door, when Mr. Parker came out and we entered into conversation, we had spoken but a few words when Mr. Parker remarked, look yonder, look yonder, I turned & the place indicated and saw coming towards us three U.S. Soldiers. They passed us, at which time the sergeant drew his sword and said to the crowd outside "I want this meeting broken up, get away from here every god damned one of you, clear out." the two privates then stood, one on each side of the door and the sergeant entered the house, in a few seconds the crowd rushed out from all directions, over fences &c. The sergeant came out of the building and his men off with his men turned around and said to the few who remained "leave here now, and I want no more meetings here and if I catch you here again I will arrest every one of you and take you down to Cabin Rings. and put you in the penitentiary" he then left with his men and N. K. Pryor. who came with them I will further add, that the meeting was very quiet and orderly. "Signed" W.C. Williams.

Anthony Carroll. (col.) deposeth and says: that on Saturday, Decr 14th inst. as I was standing near the school house in Jackson, I saw a sergeant two men and N. K. Pryor, a short ways coming towards me. At this time there was a gathering in the school house for the purpose of raising funds to pay for

the building. Mr. Annais Penn, one preacher called this meeting for the above purpose I reside four miles from Jackson. I came to town on that day for the purpose of contributing to the school fund: while standing as above stated the sergeant and men passed me and got to the entrance of the building when he said "get out of here every son of a bitch of you, if you don't get out of this house I'll cut the head off of every damned one of you." The sergeant then entered the building with a drawn sword the privates stood on each side of the door with charged bayonets on the people, who in all directions fled with the utmost confusion. "signed" Anthony Canada.

Henry Bradford, (col.) deposeth and says: that about the 8th or 9th inst. he heard there was a meeting to be held in Jackson, for the purpose of raising funds to pay for the school building; that on the 14th he went there with that intent and while standing in front of the entrance to the school house a sergeant and two men belonging to U.S. Army came up, the sergeant said on entering the door "I want you all to get out of here and stop this meeting, it is not allowed." By the action of the troops I became alarmed and left as soon as I could. I do not know what happened inside of the building. I reside about five miles from Jackson, (signed) Henry Bradford.

James McClelland, (col.) deposeth and says, that on Saturday Decr. 14th inst. sometime during the afternoon I was standing in the entry to Mrs. Hayes' store and while there I saw David Tradwine, the constable of Jackson with a squad of U.S. soldiers coming towards me, when the sergeant said "clear out of here or I will kick the life out of you" I said "you will?" he replied "yes I will blow the life out of you" I then went off, fearing a difficulty with the troops. (signed) James McClelland.

Isaac L. Perry, (col.) deposeth and says that after the disturbance and dispersion of the meeting in the school house, I went to the quarters of the troops and asked the the sergeant his reasons for breaking up our meeting, he said "go to your damned squire Battell and find out from him" this was all the satisfaction I could get from him. (signed) Isaac L. Perry.

Sterling Neville, (col.) deposeth and says. that between the hours of seven and eight P.M. on Saturday the 14th inst. as I was going home and when opposite the store of W.C. Payne I met a man in uniform whom I took to be one of the U.S. Soldiers belonging to the squad which had arrived that day, before he got up to me he said, "yonder comes a black son of a bitch and I will shoot him as soon as he gets near enough to me if I dont shoot him I will stick him for I am a U.S. soldier and fears no man in this town.

I'm a son of a bitch if I dy." when he came up to me I got off the sidewalk into the street and passed him, when he remarked "You had better have walked around." I continued on home. signed Sterling Neville.

Saml. N. Braden (col.) deposeth and says, that on saturday the 14th inst; I was standing on Main street in Jackson, while there I saw David Bradvine, constable, four soldiers and one sargeant coming towards me, when they got up to where I was, the sergeant said "I want my damned nigger to get off the street and go to their homes" Dave Bradvine said to the Sergeant, "them's town boys" and they passed on. (signed) Saml. N. Braden.

Nelson Hamilton, (col.) deposeth and says: that on Saturday the 14th inst about 5 P.M. he and some others were standing on Main street, I saw some troops coming towards us, I noticed David Bradvine, with the sergeant; as they came up to us the sergeant said, "I want every one of you to get off these corners or I shall charge on you." I stood to one side and they passed on. "signed" Nelson Hamilton.

Thornton Brown, (col.) deposeth and says; that on Saturday the 14th inst I came to the town of Jackson for the purpose of attending a meeting to raise funds to pay for a school house. when I reached the town I was informed that the meeting was dispersed that the "Yankees" had come and were running

the people away. I continued on my way into town and remained all day and night The next morning Sunday, the 15th as some others and myself were standing on the street, Mr. Hughes, the Mayor, came up to us and said "good morning boys, I hear that some of you accuse me of breaking up your Club Meeting, but I had nothing to do with it Squire Catlett was the man who sent for the troops and had the meeting broken up. "signed" Thornton Brown.

John Fogleman, (col.) deposeth and says: On Sunday, Decr 15th inst. I called on the sergeant in command of the troops in Jackson, and enquired of him the motive he had in dispersing our meeting the day previous he answered me "Uncle, I went by Squire Catlett's orders." "signed" John Fogleman.

If you know the whereabouts of Julia Ann Bradley, (col.) who had two children with her a couple of years ago, and who is located somewhere in your parish. You will please inform her that her father, Joe Montgomery, is very anxious for her to come to him. As Joe is one of the few colored men who work and take care of what they make I think it would be to her advantage to return to him

under any circumstances. Joe is one of the most popular freedmen of this Parish and all planters seek his labor. Felicia Ann, formerly belonged to Parker boots. Please acknowledge.

Lieutenant:

I have the honor to report the following case for your consideration: Rebecca Ambrose, (col.) states that she rented from Dr. Madison Marsh, of Jackson, La. one hundred and sixty (160) acres of land, called the Ambrose Place, near Port Hudson, this Parish, for which she agreed to pay him the sum of two hundred (200) dollars for the year 1867, that she subsequently entered into partnership with Paul Vinyea, (col.) to cultivate said land. Her reputed husband, Tony Stewart, (col.) and A.G. McDonald, rented the Randolph Place, in East Baton Rouge Parish, for the purpose of cultivating the same. Tony Stewart, apart from the plantation, kept a grocery, in the town of Port Hudson, this Parish, and during the month of August 1867, purchased from the firm of Young and Barnett commission Merchants at Port Hudson, goods to the amount of three hundred (300) and some odd dollars, and also at the same time promised Barnett and Young, that he would ship through their house, his cotton raised on the Randolph Place. Rebecca Ambrose and Paul Vinyea also agreed to ship their cotton through the same house. Twelve bales was the quantity to be shipped by Ambrose and Vinyea, they did this to patronize the firm. In October, Ambrose and Vinyea, shipped to Richard Flower, New Orleans, through Barnett and Young, Port Hudson, six (6) bales of cotton marked P.V. which they kept and claimed for the debt of Tony Stewart. Ambrose and Vinyea owed Barnett and Young the sum of Ninety four (94) dollars for freight, Storage and drayage, this they added to Tony Stewarts, making it all on account, when it was two distinct transactions, and by two different parties Barnett and Young. Stated to Dr. Marsh, that the six bales of cotton they had taken from Ambrose and Vinyea was sufficient to pay for the debts all the parties owed (Statement of Dr. Marsh attached.) When Dr. Marsh applied to Rebecca Ambrose for his rent she sold him the balance of her cotton, two (2) bales, five (5) mules, one cow and calf and one buggy to pay for the rent of the Ambrose place for 1867 and also part payment for 1868. Barnett and Young claimed balance

due on account, Ninety four (94) dollars, and caused to be seized, one hundred (100) bushels of potatoes. at 75¢ per bushl. fifty barrells of corn @ $1.50 per bbl and seven hundred (700) pounds of fodder @ $1.50 per hundred, as also the two bales of cotton sold to Dr. Marsh for his rent. They seized, at least, two hundred and sixty (260) dollars worth of produce to satisfy the claim of Ninety four dollars. The whole was appraised at less than one hundred dollars so as to enable them to have the case come before a justice's court. I am satisfied that great injustice has been done these parties.
At the request of Rebecca Ambrose I went to Port Hudson, twice to bring the parties to a settlement, but Mr. Young, on the occasions, was absent. On my second visit I appointed a place of settlement and sent for Messrs Barnett and Young, the latter sent me answer that he had no business with me. I wrote to them and insisted on their coming to the place designated. Mr Barnett came and stated that he knew nothing about the matter and did not want any trouble, and that Mr. Young requested him to inform me that the case had been tried before a justice of the peace and I had nothing to do with it. I am satisfied that Mr. Young takes all the advantages he possibly can to swindle the colored people and as for justice on his part, it is simply out of the question. I would respectfully

call your attention to the above as also the statement of Dr. Marsh. for if these people are permitted to carry on their infamous schemes they will be a disgrace to the community, besides robbing hard working freedmen out of their little earnings.
This man Young has several charges against him

I have the honor to submit the following case for your consideration: Rebecca Ambrose (col.) cultivating in 1866. the Ambrose Place near Port Hudson, this Parish. She sent her seed cotton, when gathered, to Browns Gin, in East Baton Rouge Parish for the purpose of having it ginned and baled, which netted her six bales of cotton. These six bales, Henry B. Young, had seized at Mr. Browns Gin to satisfy a debt he claimed Tony Stewart owed him and that as Tony was was the

supposed husband of Rebecca, she must pay for his debts. Rebecca had never seen Mr Young previous to this, and never had any transactions with him. directly or indirectly. I would respectfully state that this woman, Rebecca Ambuse, has been most outrageously persecuted by this man Young, she has borne his rascality as long as she could, but now when he has ruined her and deprived her family of the means of their support, she appeals to the Bureau for redress. She has not the means to enter suit against this man Young.

I have the honor to submit the following case for your consideration: Milford McGibbons, (Col.) made a verbal agreement with one William Griffith to cultivate the latters land for which he would give him one third (⅓) of the crop raised for its use during the year 1867. McGibbons made four bales of cotton, he also got supplies from Griffith's to the amount of Ninety Six (96) dollars, the latter took three bales of cotton to liquidate this account. When McGibbons went on Griffith's place he purchased lumber to the amount of Eighty (80) dollars and put up a building with the express understanding he was to remove it at the end of the year. Now, Griffith refuses to allow him to remove the house, or pay him for it. Griffith has no claims of any kind whatsoever against McGibbons, and as the latter has not the means to carry on a lawsuit; and unless the Bureau assists him to recover his dwelling, he will lose the value of it and be without a home.

All state cases I am informed, against parties, the State or Parish has to pay the costs. Lieutenant.

I have the honor to report in answer to communication of the Police Jury of this Parish, setting forth the destitution of the people thereof, and

addressed to Major General Hancock, for his consideration, that I have made an inspection, as far as practicable, of this Parish, and find that the representations of that body, in the main, are correct. I presume that in a very short time unless planters — as they represent — can obtain means to cultivate their lands this season, that many will be unable to provide for their families. As yet, no cases of extreme want has come to my notice, except a few of colored people who are helpless. The Parish has provided, in a measure, for its white paupers, but how long it will continue I am unable to say. Those people who are provided for now, get Parish scrip which they dispose of at a discount. The only usual remarks to be heard among the people in regard to their condition, is merely questions as to how they are to get along. I have not heard of any white person — except the regular paupers — who intimated that they were in need; but that they will come to it, I have every reason to believe. I presume there is about one thousand (1000) Freedmen out of employment in this Parish at least that number who are not drawing rations from planters; these go from one place to another, getting a meal here and there from relatives and friends and eke out a living in that way. The only cause for this destitution is the inability of planters to procure supplies, were it possible for them to do, as apprehension could be entertained of destitution among either white or colored as all the latter, without exception, now in the Parish, would find employment. My monthly report of Indigent and Destitute white and Freed people for January, will contain the names and number of such as can be ascertained by each Police Juror in his respective ward.

Respectfully &c. James De Grey

Sir.

I have the honor to report that in compliance with instructions from Head Quarters B.R.F. & A.L. dated New Orleans La January 8" 1868. regarding the petition of the citizens of Port Hudson. recommending the removal of Lorenzo Montague, as Justice of the Peace, and appointing Isaac Switzer, in his stead. I have investigated the matter referred to and find no justifiable reason for the removal of Mr. Montague. The parties who signed the petition, as also Isaac Switzer, the one recommended in Montagues place, and who does not bear a very enviable reputation, all citizens of and residing in the Parish of East Baton Rouge, except eleven. One of the latter, Isaac L. Cox, returned from a term of service at Ships Island, last August, where he had been sent for attempt at murder. James C. Piper, and James A. Ayce, two of the petitioners were convicted of larceny before Justice Montague, when they made an appeal on the grounds that they were citizens of East Baton Rouge Parish. The only charges which I found against Mr. Montague, but not by any of the parties who ask his removal, are that he goes to different places – unofficially as he informed me – and charges for his services in settling accounts &c. I do not consider Mr. Montague incompetent for the office he fills, and my impression

is that it is merely his color that causes the objection.

Sir,

In reply to the communication of F. Murray, I would respectfully state that much of the letter appertaining to the want of a school, and that a good teacher could start a large day and night school &c. is true, but Mr. Murray says nothing about paying and boarding a teacher. Undoubtedly if he could succeed in getting a teacher and the agent pay the tuition for his children as he did last July to the amount of $135 would suit Mr. Murray very well.
I am quite positive a teacher could not make his board to open a school in this place at the present time. Mr. Murray is a resident of Clinton, although he had his letter written in Jackson, La.

Respectfully &c.

Who are desirous to be sent to the Freedmens Hospital, New Orleans, La. They are entirely destitute and unable to provide for themselves some are subsisted by their former owners, but they now refuse to help them any longer for the want of subsistence for themselves. Others get their living by begging from quarter or cabin to another on the plantations which they reside. State of Louisiana, New Orleans, La January 23rd 1868. relieving the extreme wants of Freedmen being without employment through inability of planters to furnish supplies does not meet the exact want of the people both whites and blacks.

Planters and Freedmen tell me, that unless the Bureau furnish corn, as well as corn meal, they will be in as bad predicament as heretofore, corn is as essential to feed to the work stock, as

corn meal is to feed to the laborers, and unless the stock is fed corn, or oats, they will not be able to go on with the work.

Dubose, S. H. Sir:

In answer to your request as to the manner and conditions upon which supplies are furnished by the Bureau, I would respectfully state that the first steps to be taken is to have a labor contract with your freedmen — the same as you had last year — them. You make affidavit that you have so many hands under written contract for whom you require so many pounds of meat and so many pounds of meal or hard bread for — say the months of March. This affidavit and application is sent to Head Quarters, New Orleans, with an copy of contract, upon receipt of which the quantity of supplies asked for

is forwarded here. On the delivery of said supplies to you, you file a bond in this office, signed by two good sureties, for the reimbursement to the Government of the cost of such supplies, payable when the crops are sold, or before the 1st of January 69. The sales or charges for supplies, will be the same as it costs the Government, with the exception of transportation added.

Sir,

In compliance with instructions contained in circular No 7, dated Head quarters B.R.F. & A.L. State of Louisiana, New Orleans, La. March 9th 1868, I have the honor to report that most of the mail comes by the way of Bayou Sara, three times per week, and it takes, when it comes thro' Lieut. F. D. Garretty, Sub-Asst. Comr. Baton Rouge, usually twelve days. It takes

the same time from Baton Rouge to Clinton a from New Orleans to Clinton. At times, during the rainy season, Thompson's Creek, between this place and Bayou Sara, rises so that it takes from six to ten days to send or receive a communication from Baton Rouge. I would respectfully recommend the New Orleans and Jackson R.R. via Tangipahoa, by this route mails could be received here in three days, from New Orleans.

I am, Sir,
Very Respectfully,
Your Obt. Servt.

Sir,

I have the honor to report that in answer to endorsement dated Headquarters B.R.F. & A.L., New Orleans, La. Feb. 29th 1868. in answer to communication from this office dated Feby. 14th 1868. that the names of the parties referred to therein as Messrs. Kahn, Adler & Co. Merchants of New Orleans, to whom the cotton of the freed people was shipped by Mr. John M. McKneely, planter of this Parish. Mr. McKneely states that in January last he was informed by Messrs. Kahn, Adler & Co., that the cotton shipped by him had not been sold but it appears from the a/c of sales (which is enclosed) that four (4) bales were sold in November and five in December, which was previous to the suspension of business of Messrs. Kahn, Adler & Co.. Four bales of this cotton belonged, in toto, to the freed people of which fact Messrs K. A. & Co. were advised at the time of shipment and also that it was marked in their name, or F.

The delay in forwarding this information was owing to Mr. McKneely who resides some distance from Clinton and who had to get the a/c of sales from New Orleans for date of shipment &c. I would respectfully request to have the enclosed a/c of sales returned to this office so as to return it to Mr. McKneely. Respectfully &

I have the honor to report that the Freed people for whom I requested transportation, now refuse to leave. During the winter, and at the time I applied for transportation they were willing to be sent almost any place where they would be protected from the inclemency

of the weather, but the extraordinary mild season we are now having seems to have given them new life and courage and they all say that by fall their friends and relations will be able to take care of them as they all have great hopes in the coming crops. There are some who should be sent to the freedmens hospital, but as they prefer to undergo the greatest privations I cannot induce them to leave. I respectfully return transportation No 47428 & 47469. The reason that transportation 47428 was not returned sooner, was that one of the freedmen was ill and I was awaiting his recovery as he was very anxious to leave, but he died the other day. I have the honor to transmit herewith, Requisition for forage, and vouchers of John Knox.

I would respectfully state that at the time of purchase, the forage is paid for by me as no parties will wait, or accept of vouchers.

I have the honor to acknowledge receipt of checks No 24 and 27 drawn to the order respectively of Frank Patrick and D. S. Osbornes, both parties have been paid on receipt of fuel and forage. However, Mr. Patrick lives in this town and I can get his signature, but Mr. Osvold is out in the country and consequently there is no knowing when I can get him to sign the check. It is entirely impossible to buy or hire in this part of the country and I do not chose to be kept out of my funds so long. Heretofore checks were drawn to my own order which obviated these difficulties.

Sir,

Eli and Thomas Steadman (col.) whose names appear on your contract, report that you have discharged them without any cause whatever. It appears from their statement that your reasons for discharging them was on account of their coming to this town (Clinton.) on the 5th inst. to attend a political meeting which they, as free men, had a perfect right to do. Undoubtedly you are aware that your contract stipulates that no work will be required from the laborers on the Sabbath day unless work of necessity or mercy, consequently you could not have required them to work. Article 14th Circular No 3. Series 1868, explicitly explains the manner, by which laborers can be discharged and you have not complied. Eli and Thomas Steadman are ordered back to your plantation and are instructed to remain until discharged by the Agent of the Parish in which they reside. Your recourse is to make a proper statement to this office and if found sufficiently substantiated that the above parties are guilty, they will be discharged by me, but on no other grounds.

Sir,

I have the honor to report that several of the planters of this Parish who employed laborers to work for one half of the crops, this year, and were to advance them the necessary supplies, now refuse to do so because the freedmen voted the Republican ticket. Most of these laborers are in a starving condition, and they cannot procure supplies from any one, as most of the white

people would like to see the freedmen starve. Their crops are far advanced and promise a good yield. I would respectfully ask to be informed if the head men among the laborers, in each place, could not make a contract with the others, binding them to pledge their stock and full share of the crop in payment for any advances made to them, and then make application for supplies through the Bureau, taking those who own the most as security on the bond. They will need but very little, as in two months or so they will have corn which they can use for bread and also trade for meat.

Sir,

I have the honor to report that Mr. J. B. Plummer entered into written contract on March 11th 1868, with six (6) freedpeople stipulating that he would give them one half of the crop, they paying their own expenses. He was to advance them their rations and for that purpose made application and drew one months supplies from the Bureau in April, but now refuses

to furnish them any longer as they attended the election. He called at this office and stated that he would not renew his application. His laborers are now out of supplies and cannot procure any from any source; they will have to leave the place and their crops, which is very promising, to work elsewhere, perhaps, only for their rations. I would respectfully request to be informed of what action I shall take in the matter. The contract, bond and affidavit of J. B. Plummer, were forwarded to Headquarters, A.A. from this office on March 19th 1868.

Colonel,

I have the honor to acknowledge the receipt of my letter of April 27th 1868. endorsed by you to the effect that I had refused Bills Lading &c., for one horse received by me in N.O. I would respectfully state that I did not refuse Bills Lading for nothing of the kind was offered me or did I ask for Bills Lading, for the simple reason that it was customary for the Quartermasters Department to furnish transportation for Government property, and not agree to pay. I was not under the belief that I could get the horse carried through without charge, nor did I express myself to any person to that effect. Why I speak so positive, I remember well with whom I transacted the business of receipting for the horse, and I will take my oath that I did not refuse Bills Lading, and that I expressed the belief that I could get the horse carried free of charge. The same day that the horse was shipped, I went to the Government Stables to get the horse, but the horse had been sent to the boat. Mr. Ayers asked me if I had Bills Lading, I told him I had not, and if I am not very much mistaken he, (Mr. Ayers) said he would attend to it. It is not that I care about the four dollars, but I do not want to be accused of refusing Bills Lading, and then ask to be paid for money paid out for transportation on Government horse. I am not one of that stripe.

Wood, N. W. — 2nd Lieut. 1st U.S. Infty.

New Orleans, La.

Lieutenant,

I have the honor to transmit herewith, Receipts for supplies Nos 128 and 131, of John East and Joseph Coates, respectively. I would respectfully state that great inconvenience is caused to some of the planters, who apply for supplies, in being obliged to go to Port Hudson for them, and especially those who have only a few barrels. The distance from here to Port Hudson is twenty six miles; some applicants reside ten miles north of this place which makes the distance they have to haul their freight, thirty six miles, which takes a man and team three days to accomplish. Amos Taylor, John L. Dixie and Mike Sumpter, have not been able to go or send, as yet, for their supplies as by taking the stock from the field for three days, at present, would be very injurious to them. If the charges, as below, could be added on the receipt before forwarding from New Orleans, it would greatly accommodate most of those now drawing supplies. I could state in my letter of transmittal with application those who need their supplies shipped through to this point.

=Charges=

Campbell & Slaughter, Port Hickey, La. } storing & handling — Corn meal per bbl $0.20; Pork " " $0.25

Clinton & Port Hudson R.R. Co. & Clinton } freight — Corn meal per bbl $1.00; Pork " " $1.50

" " Handling Packages, each, $0.10

The above charges include all, and will remain the same throughout the season.

Very Respectfully

Sir,

In compliance with instructions contained in circular No 6, C.S. I have the honor to report that to-day, the clerk of the District Court not being in his office to take the affidavit of Amos Taylor, for supplies, he went to Mr. Isaac Tilden, Justice of the peace, who charged him one dollar for administering the oath. The whole of the affidavit had been filled up in this office previous to taking it to Mr. Tilden.

On Mr. Taylor being informed that he had been imposed upon, he returned to Mr. Tilden, and informed him of the fact whereupon the latter very emphatically him informed that he knew his business and that he would

charge as much as de d-d. pleased, and also informed Payler that had he voted the Democratic ticket he would not have charged him a cent, but as he had voted against his interests he would act toward him and others in the same way, should occasion present itself in future.

Gen. Fildes positively refused to return the twenty five cents overcharged.

Sir,

I have the honor to state that being informed by my Clerk, Mr Barton, that he is suspended from duty in this Office, I would respectfully remark that his suspension at the present time could not be without manifest injury to the Bureau for the following reasons, viz
1st. There are twenty nine Planters who have drawn and are drawing Supplies from the Govt whose Plantations have not been visited or any report made of them, some of whom will attempt defrauding the Government.
2nd Besides these twenty odd Planters above mentioned there are the remaining Planters of this Parish I will have to visit in order to make the Annual Report to the A.A.A.G. Genl.
3d. Settlements between Planters and Freedmen under Govt Contract will soon commence occupying the greater portion of my time, and if called away to inspect Crops of Planters supplied by the Govt, which are scattered all over the Parish it will be impossible to attend to duties in the Office.
4th The Political differences of the People, will no doubt increase the already accumulated amount of business to be transacted at this Office.

Sir,

I have the honor to report the following case for your consideration.— On Saturday the 22d inst Leroy Newman, Simond Isaac and Dennis Jones left their Employer, Mr D.W. Piper, without permission and went to the town of Jackson to attend a Political meeting. On their return the following day, Mr Piper discharged them and refused to make any settlement with them, as the Contract stipulates that if any of the laborers leave without permission

of their Employer, they may be discharged and forfeit all wages or share of the crop due them. A copy of Contract is on file at Headqrs — Piper Plantation D.W. Piper. Employer, dated March 28th, 1865.

I have visited Mr Piper Plantation and find that the only charge brot against the men is that they attended a Political meeting, for which they are now deprived of their entire season labor. I would respectfully ask to be informed of what action I shall take in the matter as Mr Piper refuses to allow the discharged laborers anything, he giving as a reason, that his actions are justified by terms of Contract.

Sir,

Owing to numerous causes, prominent among which may be mentioned my having assumed the duties of this Office only upon the Eighth day of last Month the accumulation of business consequent upon the gathering and shipping of Crops, belonging to the large number of Rice Planters who have drawn Govt Supplies, the being deprived of an Assistant at a time when one was so much needed, these and other causes combined, compel me to forward a Report, late in conformity with Circular Instructions of May 15th, at once meagre and unsatisfactory.

Only four schools at which Freedmen are allowed to attend exist in this Parish: The reasons for this, are, the impoverished condition of the Freedpeople, a positive and decided opposition on the part of the White Population, which opposition I am sorry to say has extended to members of the Freedpeople who are literally compelled to this course by their Employers in order that they, the Freedpeople, may retain their positions as Laborers. Numerous articles of Agreement have been signed by them wherein they have bound themselves to support one particular Political Party, the consideration for which being that none other than such shall be employed by the Merchants and Planters of this Parish; In consequence of this many many counts are made and the Freedpeople in many instances have been compelled to withdraw their support from some one of these Schools before mentioned. The opposition is so strong that at one School, Woodlawn, the Teacher was not only obliged to close the school but also leave the School Plantation upon which she was staying, and it was only upon the most urgent solicitation that she was allowed to again open her school and resume her duties as Teacher. Suitable quarters cannot be obtained for Teachers of these Schools and the Teacher above mentioned is forced to live in a negro hovel and submit to insults and many severe annoyances of daily occurrence. In happy contrast to all this is the conduct and hearty approbation of others of the Freedpeople who have promised that so soon as the Crops are gathered and the promissory equivalent obtained they will start new schools which will be sustained in spite of all opposition.

Two Planters have signified their willingness to open Schools this Fall but with the restriction of having white Teachers here in the South, alone.

They will not allow Teachers from the North, or Colored Teachers upon their Plantations.

I have only to add that of the one hundred and ninety seven Scholars in attendance upon or at these Schools only Forty smile in defraying Expenses.

I am, Sir.
Very Respectfully,
Your Obdt. Svt.

(Thro Mr Churchill Sub-Asst Comr)

Sir,

I have the honor to report for your consideration the following case, with regard to a certain Bureau Contract entered into by J B Plummer, and certain Freedmen, a copy of which was furnished to Headqrs in accordance with instructions. It seems that the Plantation is owned by one Col Hunter, who give to one Brown a certain percentage of net profits for remaining upon, and attending to necessary business of said Plantation. Hunter and Brown become sureties on Plummers Bond for Supplies issued by Govt. The Freedmen cast Ballots contrary to wishes of Hunter and Brown. who thereupon cause Plummer, to cease issuing Supplies, and take from Freedmen Teams, Tools and other farming utensils and to divide the land into three unequal portions upon two of which the Freedmen make their crops. When the crops are being gathered, Brown interposes informs the Freedmen that he intends taking one third of the crops raised, for rent of lands, and will charge them for use of Plows, Teams, and further that if they vote contrary to wishes this year he will ruin them completely as he has them entirely under his thumb. As there is no Lawyer in this Parish, who if engaged as Counsel would or could protect the Freedmen in their
I would most respectfully ask what act-

I shall take in the matter.

I am Sir.

Very Respectfully &c

Sir,

I have the honor to submit the following for your consideration.

Upon the 10th inst Louisa Col'd, made complaint at this Office that Dr Felix DeLee, struck her, and asked, if there was no justice for her". I directed her to appear before C B Chinn, Justice of the Peace, and prefer charges. This morning Mr DeLee accosted me in front of my Office, and after relating his side and view of the case in a quiet and friendly manner, stepped back a pace or two, and cocking a Pistol, which he held concealed in his Coat Pocket, he addressed me in a most violent manner, saying, "I'll fix you, you God Damned, low lived, sneaking Yankee son of a Bitch! You've reported some others and meddled in their affairs God damn you, and this is the last of it." I had nothing to defend myself with, and so, merely telling him, that I had done my duty and as I was ordered to do, and that I would do the same again did occasion offer, I walked away. I have learned since that this was premeditated and from no passion of the moment. He further informed me that Mr Chinn had told him that my reporting such cases to the Civil Authorities was a mere farce as it all ended there at his Office.

I would most respectfully ask if I will have the protection of the United States Govt as it is simply impossible to obtain justice from the Civil Authorities, as they are all without exception Ex Confederate officers.

Sir,

I have the honor to report the following for your consideration.

Saturday the 26th of September, one Prince Arange, Freedman, entered complaint at my Office that Dr Pitt Carter had struck him with a piece of Iron, at the same time saying, "I'll kill you," &c. As it was late in the evening, I directed him to lodge a complaint Monday Morning before Mr H B Chinn Justice of the Peace, which was done.

The same Monday, one Isaac Smith, Freedman at work upon the same Plantation, made complaint that the same Dr Pitt Carter had shot at him twice with a Revolver, &c. I directed him also to lodge a complaint with Mr H B Chinn in regard to the matter.

Mr Carter was arrested and gave Bonds to the amount of Twenty Dollars

to appear, &c. in the first mentioned case.

In the second case Mr Stafford, District Attorney, told the Freedman that there was no law for mere insult and that he had better drop the case; - this without my knowledge at the time.

Some few days ago the Freedmen at work upon Carter Plantation, appeared before me and stated that Mr Carter had taken all their Cotton some seven Bales and disposed of them although they had protested against it and the Contract stipulated that Mr Carter was to receive "one third of entire Crop raised for rent of the land." Instead of one third Mr Carter took all. A few days after the Freedmen requested me to try and effect a settlement

I proceeded to the Carter Plantation and attempted so doing. During the settlement one of the Freedmen made a statement in regard to certain stock rented whereupon Mr Carter said, "It was a lie!" the Freedman turned to his Companions and said, "Isn't that the way you understood it." and upon their answering in the affirmative, Carter rose from the Chair in which he was had been seated and said, "Don't you contradict me, God Damn you! I'll kill you, I'll grind you in the dust," &c. Carter Sister at this juncture, rushed out the house, with a heavy Revolver which she offered to Carter saying, "Kill him, Birdie", don't you take that from any Nigger". Carter Mother, remarked, "Birdie wouldn't take that much from a White Man, much less from a low bred nigger"

I persuaded Carter to resume his seat and after collecting the various items charged against the Freedmen told the Carter family that, under the circumstances, I would not make any settlement at the Plantation, but should require it to be made at the Office at Clinton. I have placed this affair in the hands of a Lawyer for prosecution. This I do not expect only in part.

I would most respectfully request for advice in the matter.

Captain,

I have the honor to request that this Office be furnished with the following property for the use of the Freedmens Schools at Clinton, Singletary Plantation and Oak Grove Plantation.

I make the Applications as they are made by the several Teachers.

For the School at Clinton are needed,
Eighteen (18) Second Georgraphies
Six (6) Third "
Twelve (12) Grammars
Twelve (12) Spelling Books

Twenty Four (24) Primmers
Twenty Four (24) Slates
Twenty Four (24) Primary Writing Books
Twelve (12) Second Readers
Twelve (12) Third Readers
Twelve (12) Fourth "
Six (6) Fifth "

For the School at Oak Grove Plantation.
Twelve (12) Slates and Pencils
Twelve (12) Primary Writing Books
Twelve (12) First Readers
Twelve (12) Second Readers
Six (6) Third Readers
Six (6) Fourth Readers
Six (6) Primary Arithmetics
One (1) Black-board.
One (1) Set of Tablets or Charts
As many Desks and seats allowed.

For the Singleterry School
Twenty Five (25) Spelling Books
Thirty (30) Second Readers
Ten (10) Third Readers
Fifty (50) Child's Scripture Catechisms
Twenty (20) Primary Arithmetics.

I append a Report of each School, showing as near as possible the standing, merits and surroundings:

The School at Clinton.

The School-house was built for and is used as a church. This is by far the better building of all: It is a frame building, and covered but the miserable boarding of the sides allows the wind and rain easy access, so that now, during the cold weather the scholars are compelled to keep well

wrapped in clothing and then suffer excessively from being confined in one position most of the time upon the Benches; these latter are common benches or forms. There are no Desks and only one chair. The Teacher Miss Sallie D Armand, is a colored girl who received her education from a former Freedmen Teacher of this Parish and of course is limited to the Primary branches. This School should have a good Teacher

The School at "Oak Grove," or John A Reiley's Plantation, is by far the best conducted of all. The building was formerly the residence of an owner of this Plantation and is now in good repair, altho' unfit for a School house. There should be a good building erected for the purpose, as I am satisfied that this is a good point for a permanent establishment. For Mr. Reiley is from the North and will aid materially in making it a success. The principal Teacher Miss Josephine Carroll, a relation of Mr Reiley's labors indefatigably and is aided materially by a Miss Reiley. Sufficient ground will be furnished gratis for the erection of a suitable School house.

The School at Dr Singleterry's Plantation. The building? hardly deserves noticing as it is the poorest apology for one I have seen.

The logs are merely laid together, not unlike a rail fence, and without going near one can easily see all that is passing on within. The Benches, are slabs of wood supported at either end by being inserted in the intersection between the logs of the walls or sides. The Teacher Mr Henry D Allen

is a colored man who has received all his education subsequent to the war, but who now studies as hard as his best scholars and is learning fast. He labors most faithfully and has several scholars who are following his example. A school house should be erected at this Point and Dr Singletary will furnish sufficient ground for the purpose.

Each of these schools should be provided with "Benches and Desks", only in the case of the last mentioned school it would be impolitic at present, on account of the Fort occupying building. Provided white Teachers should at any time be sent from New Orleans they would be put to serious inconvenience with regard to suitable quarters. The prejudice is so unfavorable on the part of the whites of this Point, that they would not under any consideration, consent to receive such Teachers into their homes and there are none of the Freedmen who have permanent homes. Something should be done for Teachers in such cases.

With regard to School houses — will the Government erect respectable buildings? Gen Reiley informs me that he would prefer having the old building repaired unless the Government will erect a respectable and stable building. When repairs are needed upon a building, can I look for assistance from the Bureau? In the case of the building at Clinton, some few repairs would form it into a comfortable and respectable school building. I have labored with some few of the leading white citizens of

Clinton with regard to the education of the Freedpeople. I am about to issue a circular letter to several citizens of each ward asking for effective cooperation of the White people.

Provided I can obtain the countenance of these gentlemen I can do much good Several have signified their willingness and their wish I am to hold meetings with them upon the subject.

I would most respectfully ask for your advice with regard to this and all other points connected with the movement I am now with to inaugurate.

Sir,

I have the honor to report that I have this day seized upon Two (2) Bales of Cotton and the remaining Crop or Crops of one Michael Sumpter who is indebted to the U.S. Government for Supplies. My reasons for so doing are that said Sumter disposed of two Bales of Cotton to Parties at Clinton, some time in the month of October, which was contrary to

to Order from Hd Qrs B.R.F. and A.L. and to express Order from this Office, Saturday the 21st inst, Sumter lost to Clinton and disposed of to Penton in town, two (2) more Bales of Cotton, which coming to the knowledge of this Office, I summoned the services of John M Roberts as Attorney, and caused to be issued a writ of Sequestration, whereupon said Cotton and Cops were seized this morning. I would most respectfully ask if "Legal Tender" is offered at Clinton for amt of Supplies issued to Sumter, can it be accepted by me as A.S.A.G. B.R.F. and A.L. in payment of his, Sumters, indebtedness to B.R.F. and A.L.

In Septr. his widow came to sell the improvements and acting by advice of lawyer Ratliff and Mr. Moon, notary Public, he bought the place paying $350 cash, $200 to the widow and $100 on the note of McMaghan, which he assumed. he afterwards paid balance of note and thought he had secured title McMaghans property was administered and that which he bought and paid for in good faith, was sold to a Mr. Chas McFee while he was living on it, and had paid taxes on it in his own name. McFee has sold one half the land, or one lot, and he knew nothing of it until it was done, when he was told if he wants the other half he must buy it &c. Is too poor to carry on law suit and requests assistance of Bureau to regain his money or to be protected in his rights to the place he has purchased.	Forwarded to Lieut. L. O. Parker, A.A.Genl. Unfortunately, Davis' own lawyer was either totally ignorant of his business or corruptly conspired with the swindling parties. It is plain this widow McMaghan never had any seperate title to her — she had no authority to convey — this I infer from the fact that letters of administration were granted by the Court and the lots in question, with other property sold by the administrator, as the property of the deceased McMaghan — McMaghan died in May 1865, his widow made this pretended sale to Davis in Septr following — The widow may not have known she had no right to sell — but the lawyers and the Notary Public, Moon, all knew better. They knew she had no right to sell in that informal way. They cannot plead ignorance of the law. It does not appear the widow was appointed to administer &c I presume she was not. Moon the Notary, held the unpaid notes of McMaghan for $300, made in 1860. He desired to get it cashed and conspired with others to delude this unlettered man Davis into the belief that he could lift or pay this note and thereby purchase desirable property.
